SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 12/31/20 at 1100 hours:

- 83,448,062 (+765,078) total confirmed cases in 218 countries..
- 1,819,445 (+15,398) total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 12/31/20 at 1000 hours:

- 19,663,976 (+230,337) total confirmed cases.
- 341,199 (+3,764) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 12/31/20 at 1100 hours:

- 2,245,379 (+27,237) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

WEATHER KEY POINTS

01/01/21 - 01/07/21

Friday-Saturday Night

- Rain and high elevation snow will gradually increase across far northwestern California this afternoon, spreading south and east into the northern valley and North Bay tonight. Light rain and mountain snow showers will continue through Saturday evening.
- Periods of gusty north winds and low relative humidity will lead to elevated fire weather concerns across portions of Southern California through Friday.
 - Wind gusts of 45-60 mph are possible across the southern coastal and mountain areas.
- Gusty winds of 50-60 mph are expected across far northern California this afternoon and evening.

Sunday - Thursday

- A series of storm systems will continue across primarily northern California through the first half of the upcoming week
 - Some of these storms will likely be stronger, producing gusty winds, heavy mountain snowfall, and locally heavy rainfall
 - While details and exact timing are still uncertain, the strongest storms currently look to arrive across northern California on Monday and Wednesday
